# Wellness & Spa

Welcome to our Santuario, a spa that promotes wellness and the most exclusive treatments.

The building is nothing short of an engineering miracle that created a sustainable, natural spa under the former stables to avoid altering the aesthetics of the historical setting. Large windows bring natural light into the building, creating a warm, cosy atmosphere. The Santuario's heat and electricity are supplied by naturally generated thermal energy.

The quality of the water at Santuario is the only one of its kind in the world. Abadía Retuerta LeDomaine takes its own water from a well that stretches 120 metres into the ground.

Santuario is separated into two different areas for men and women, each equipped with a Finnish sauna, steam bath, whirlpool, relaxation room overlooking our sunlit interior courtyards and aromatic showers of mango, pine and mint. The meeting point for couples is the wonderful heated indoor pool with its impressive natural light.

Santuario's treatment programme offers leading-brand products, such as Natura Bissé.

Abadía Retuerta has received multiple accolades for its approach to wellness. Recently, it was named "Best Luxury Historical Spa" in Europe at the latest edition of the World Luxury Spa Awards, held in October 2022. It also won the prizes for Best New Spa & Wellness Property and Best for Wow Factor, at the 2016 Wellness Travel Awards.

\*For safety reasons, access to the El Santuario is restricted to children over 16 years of age.
